• Product Listings	03
• VBA Scripts	04

INTRODUCTION

A programmer with a passion for gaming. I've programmed multiple scripts to help make day to day tasks faster as well as developed games as a hobby using Unity.

RUNNING HOME

C# Unity Programmer

Game Jam Entry

Made during the Game Jam 2019 in CIIT College of Arts and Technology, wherein we had 3 days to develop a game with the given theme: *What does home mean to you?*

Special features

2 Players

Can be used
for controller and keyboard

Product Listings

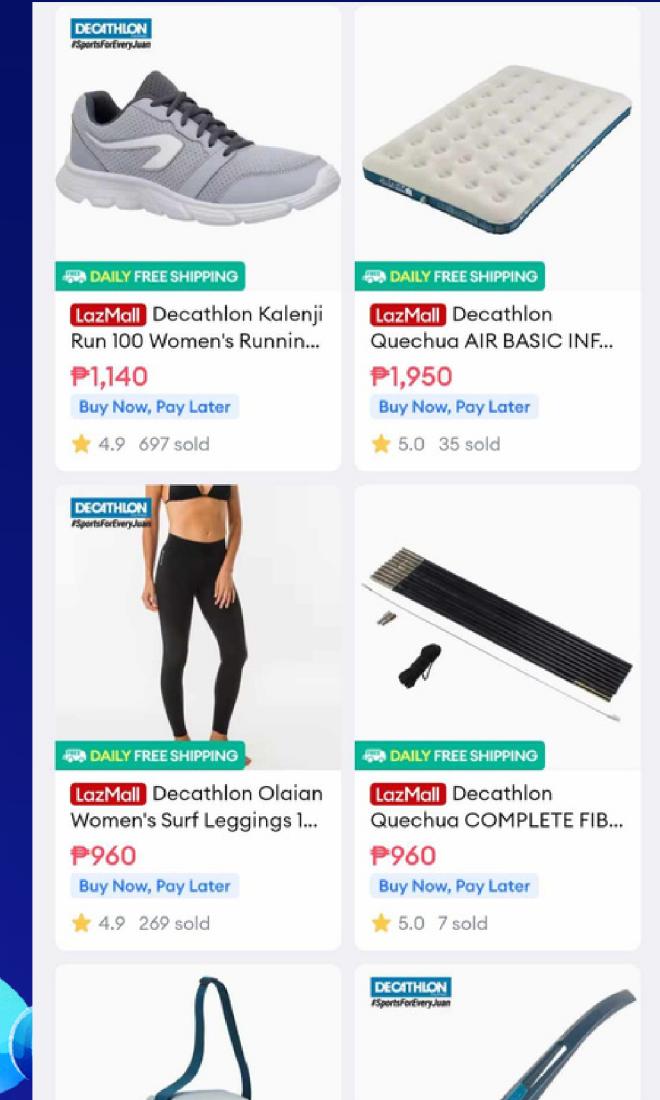

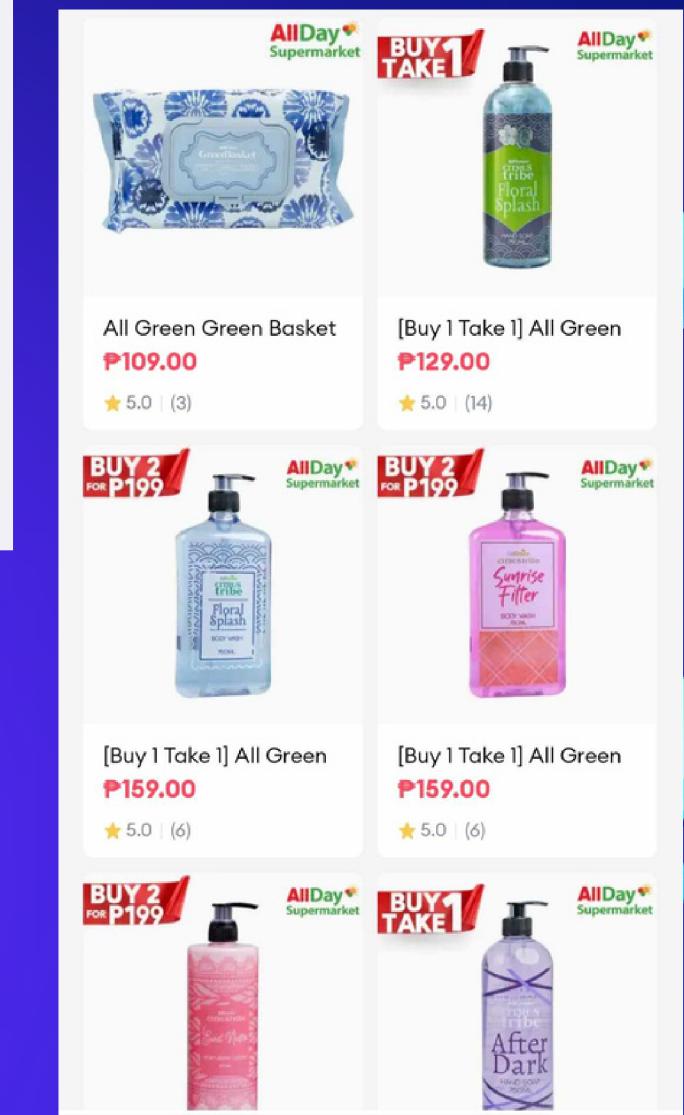

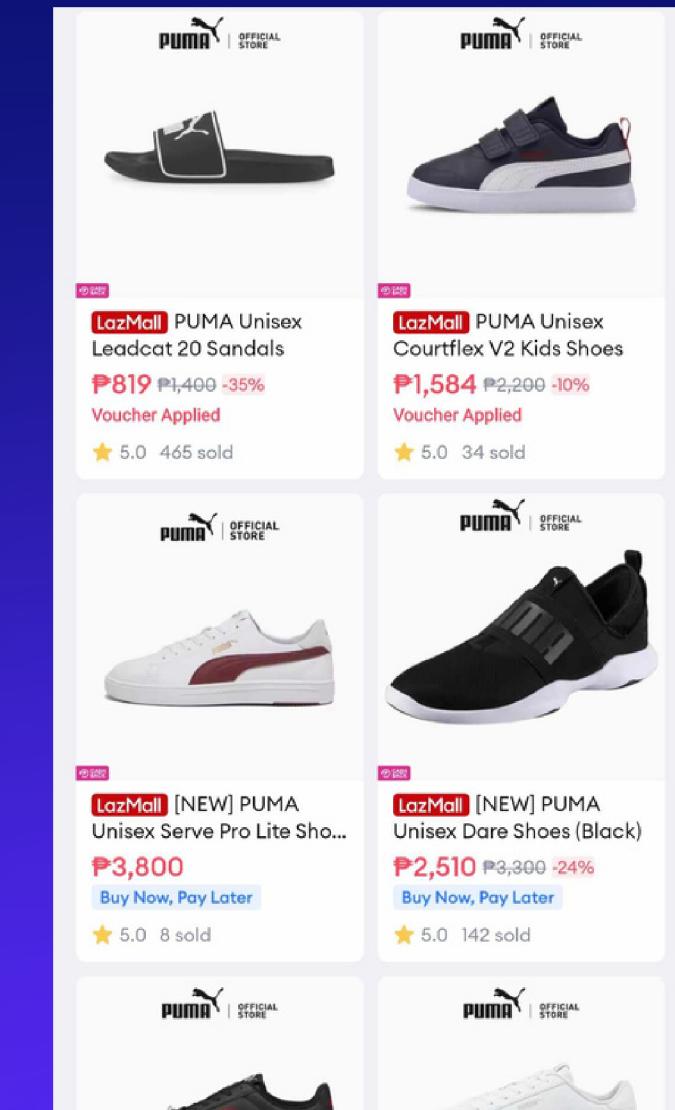

- Lazada
- Shopee
- Qoo10
- Carousell

Product listings were made using the platform's add product functions and with HTML

Bulk Upload for Multiple Brands

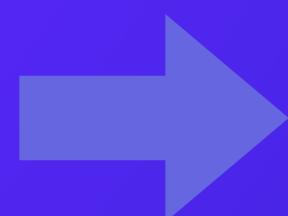

- Bulk upload using excel with VBA script
- Provided reports and suggestions for products that returned an error during upload.

AUTOMATION

- Transform data from multiple sheets to table for ease of use for clients
- Ease of use with only 1 command
